EDUCATION

Rajasthan Technical University, Kota Bharatpur, Rajasthan
B.Tech in Computer Science and Engineering, CGPA: 7.5 Expected May 2026

WORK EXPERIENCE

Web Development, Internship, Uddharana July 2024 – Sep 2024
• Built responsive, cross-browser interfaces with HTML, CSS, JavaScript, and React.js.

• Contributed to web development tasks including coding, testing, and troubleshooting.

• Demonstrated the ability to work independently and collaboratively on live projects.

TRAINING COURSES

Web Application Development, Chai or Code, Virtual Mar 2024 - June 2024
• Skilled in HTML, CSS, JavaScript, React.js, Firebase.
• Developed Todo List, Crud Project, Password Generator.

C++ Developer Intern, Deadlock Training Institute, Virtual. May 2023 - Jun 2023
• Learned advanced C++ concepts: OOP, templates, memory management.
• Developed games like Tic-Tac-Toe and Guess the Number Game.

PROJECTS

Crud Project Mar 2025
• Built a responsive CRUD app using React.js with dynamic form handling and state management.

• Enabled create, read, update, and delete operations with a clean, user-friendly interface.

• Focused on modular components, reusability, and efficient UI rendering.

Password Generator Jan 2025
• Created a customizable password generator using React.js.
• Used hooks for dynamic input handling and real-time updates.
• Designed a clean, responsive user interface.

Todo List Feb 2025
• Built a responsive task management app with add, edit, delete, and complete features.
• Used Local Storage for data persistence without backend integration.
• Implemented dynamic UI updates with JavaScript DOM manipulation.

SKILLS

• ***Programming Languages:*** *C, C++* • ***Concepts:*** *OOP, Data Structures and Algorithms*
• ***Databases:*** *Firebase* • ***Tools:*** *Github, MS Word, PowerPoint*
• ***Web:*** *HTML, CSS, JavaScript, React.js* • ***Soft Skills:*** *Problem Solving*
